

# INSTRUCTIONS

## Sterno Hot Box

- Begin by using four (4) sterno in the hot box. Check the temperature of the sterno box with any instant read thermostat. Adjust the number of sterno depending whether the box is used indoors or outdoors.
- Place the sterno on a flat sheet pan.
- To increase the temperature, add more sterno.

## CLEANING

- Throw away all debris and used sterno.
- Place all sheet pans back in the hot box.
